1. For multiple choice questions, fill in A, B, C, or D. For true or false questions, fill in $\sqrt{}$ or $\times$.
選擇題填寫：A、B、C、D；判斷題填寫： $\sqrt{}$ 、 $\times$ 。
2. To avoid mistakes in filling, and provided that readability of the paper is not affected, boundary marks may be made in the question number cells to indicate divisions between major sections.
為避免填寫的失誤，在不影響卷面可讀性的前提下，可在題號單元格做大題分界標記。
3. If there is no question corresponding to a question number (e.g. question 50), simply leave the answer cell blank.
若不存在題號對應的小題（例如第 50 小題等），答案單元格留空即可。
